Investment from Canada in Mexico

During the last ten years, Canadian foreign direct investment (FDI) has been a key factor for the integration of our productive sectors:

From January 2000 to September 2011, Canada's cumulative FDI in Mexico reached \$10.5 billion USD, becoming the fourth largest foreign investor in Mexico after USA, Spain and Netherlands.

According to the Ministry of Economy, on September 2011, 2,798 firms were registered in Mexico as having Canadian capital.

These results demonstrate the high confidence that the NAFTA's legal framework has granted to Canadian investors to operate in Mexico.
